

Tight Lines Update

Between Beaconsfield Parade & The Sand, Kerferd Road Pier, Albert Park.

UPDATE: Wednesday 15th. — Tuesday 28th. November 2023

So much activity down at the club.

Absolutely marvellous Cup Day Picnic, events, functions, great weather, and the Friday members draw went off! Congratulations **Sergio Carboni**, he finds himself \$1,700 richer.

Chef **Amanda**, after overseeing the reinvention of *Angler's Kitchen*, is taking a new role within Elizabeth Andrews Catering. Whilst she will still look after us, the move will see her keeping more sensible hours. Her young family has not seen her on a Friday night, or a Sunday, for over two years.

Thank you Amanda, you'll never know how grateful we are that you chose to work with us.

We sent out **292** new member invitations last week, and most have already paid their subscriptions. A big welcome to you all. Soon you will receive a text message to come and collect your new entry Fob. Induction dates are to be announced.

The good times just keep rolling this Saturday Night the 18th., with live music from **Ian Banks** from 6:30 - 8:30 p.m. If you haven't heard him play get down here this Saturday, he's a ripper!

New on tap. We now have Lexington Hill's *Espresso Martini* and the Colonial Brewing Company's *Bertie Cider*. Try one next time you're in.

See you at the club!

Elise Thomas,
Manager.

P.S. Although Tight Lines is circulated to all, please understand that if you are still on the **waitlist** you are not officially a member, thus cannot book for Club functions or Anglers Restaurant Bookings until your membership is approved. Thanks for your understanding.

From the President.

The President's 91cm Gummy Shark.

Two weeks ago **Chantal Meehan** and I joined an amazing group from Women's Recreational Fishing League (WRFL) to go Kayak Barramundi Fishing off the back of a houseboat on Lake Monduran* in Queensland.

We may not have caught the biggest Barra on the trip, but we did manage the best catch: locking-in another female fishing guru for the club in **Pauline Biffin**. As a new APYAC fishing member, Pauline is extremely keen to jump on board and help grow female fishing within the club.

This Kayak trip was incredible, our Houseboat Captain, cook and guide, **Scott Bryant**, provided everything including the Kayaks, and his amazing knot-tying skills. If you're interested (the club may do a trip), Scott's details are bass2barra or shoot the Angling group a message: albertparkanglers@gmail.com

As you can see, there were plenty of big fish to be caught. I excitedly rang **Alex** (my first mate) to tell him about my 'land-based super-Barramundi catch'.

He asked "*Were you on land when you caught it?*"
"*No,*" I replied, "*the fish was, but I was in my Kayak!*"

I had managed to noodle, (catching a fish by hand), a dead fish for the pic. It goes to show how carefully fish have to be handled, in a catch- and-release scenario. For them to survive you must treat them with care and have them back in the water in a hurry.

While on the trip, I managed to squeeze in a movie that I'd been dying to watch, '**My Octopus Teacher**'.^{***} It had me in tears by the end. Those that know me, know that I have a mad love of kelp! This movie's so worth a watch, it really makes you understand how important, and fragile, our underwater world is.

So, you can imagine my shock and annoyance, when reading my homework, for last Saturday's VRFish meeting - I came across this little snippet:

Fisheries currently has no octopus bycatch limits. Logbook data indicates continuing significant increases in Octopus catch. Pale Octopus is a low dispersing species which requires careful management to avoid local depletion.'

Thank goodness it's now on everyone's radar, and hopefully, the newly-requested daily limits will be implemented. Mind you, there is still a daily limit of 50kg of octopus for each licence, and an annual cap of 30 tonnes across licences.

As some of you know, the Fishing Round Table has now dissolved. As such **Travis Dowling** (VFA Chief Executive Officer) is putting together another group, '*Victoria's Recreational Fisher Leaders Forum.*'

This group will be a new voice for the Fishos. Each member is invited to input, on what they feel will make our Recreational Anglers happy. The group will meet once per quarter. Travis has kindly invited me to be part of this exciting project. So please Fishos, fill me with your info & feedback. You can email me at president@apyac.org.au .

Cup Day weekend saw the Club pumping with member activity. It started with a Fishing Charter on the Friday (organised by **Rob Raffa**), this led into the annual APYAC Max Coningsby Snapper Competition (see Angling report below). Monday was the Unsworth's 100th (joint 50th) birthday function, and all was rounded-off with a very successful Melbourne Cup Picnic at the Club. Thank you to the Angling Committee, Cup Day team (**John Spragg, Olga Harradine & James Nixon**), plus our fabulous staff, for pulling it all together.

On a final note, we've decided to no longer have the Orphan /President's table. The large table will now become part of the regular booking system and will be allocated as per reservation requirements. We're still keen for all our members to mix and mingle, so reach out to **Elise**, or the staff, if you would like to be introduced to fun people.

Another great way to meet members, is to become part of our volunteer network headed by **Barry Hayes** barry.h@apyac.org.au. Baz is always keen to have smiling faces to greet members at the door, and selling the raffle tickets is great fun (you get to meet everyone)! **Ian Sekac** i.sekac@bigpond.com - runs regular Wednesday morning Boathouse maintenance groups, and delights in new energy. So, get involved, you'll love it!

"We humans are not born alone; joining and being active in a club whose members share your passion for ideas, and get your jokes, is one of the great joys of life." — Richard Lederer

Cheers,

Lee Spyrou
President

* **Lake Monduran** is about 100 kms inland from Bundaberg Queensland, a 1 hour 20 minute drive from Bundaberg Airport. Bonza flies there from MEL on Sundays and Wednesdays. Round trip fare about \$298. Alternatively, it is four hours from Sunshine Coast airport, or just under five hours drive from Brisbane Airport.

**** My Octopus Teacher**, Academy Award winning Best Documentary Feature, 85 mins long on Netflix. Often mentioned as the best thing ever seen on a streaming platform. It documents a year spent by filmmaker **Craig Foster** forging a relationship with a wild common octopus in a South African kelp forest. Guaranteed to change your life. - ED

Harry Tsombakas arrives back at the end of the Max Coningsby Competition.

Boathouse.

I have inherited a superb team of volunteers in the Boathouse. The previous Boathouse Captain, **Lee Spyrou**, did an enormous job getting it to where it is ably assisted by the person who really runs 'downstairs' — **Ian Sekac**. We thank them both for the enormous amount of their time they have given, and the work accomplished.

Volunteers.

The list of volunteers is amazing, and we thank each and every one of you for the time and effort you all contribute on a regular basis. You all know who you are. The camaraderie and general the way the volunteers help each other, and the fun getting together, is something to see. Anyone interested in spending a few hours on a regular, or occasional, basis with a great group of people contact myself **John Spragg**, captain@apayc.org.au or Ian Sekac i.sekac@bigpond.com.

Boat inductions.

We will be running Boat inductions once a month. The first one is scheduled on 2nd of December. Bookings through **Tom Harris** tomharris.au@gmail.com or Ian Sekac i.sekac@bigpond.com

Boat washing.

We have noticed boats being washed down in the boathouse, this is to cease as the water is causing problems, and we do not want excess water in the Boathouse at all. Please, all boat owners, you must wash your boats, and flush engines, outside the building.

Fob access.

There have been a few members wondering why their fob does not access the Boathouse. Fob or key access to the Boathouse is restricted to boat owners, and members of various committees who are either doing inductions, repairs, working bees or bait audits etc. Access to the bait freezer —if you do not have fob access— is in club office hours and by arrangement with a staff member.

Australia Day Clinker Boat Race.

The Australia Day Clinker Boat Race is scheduled for, yes, 'Australia Day' 26th of January. Next year it falls on a Friday so stragglers have enough time to get back to the Club before work on Monday. Time to start checking boats, water cannons and planning strategies.

Important Gantry Notice.

The Centre Aisle Gantry monorail has been fitted with two stainless steel safety clamps to restrict the hoist trolley entering the outermost section beyond the sixth pile.

The action has been taken to remove a potential danger due to severe necking (loss of cross section) of the seventh outer west pile. The damage to the pile has been caused by active marine borers, loss of encasement and wrapping, and natural weathering.

Boat users need to be aware that at extreme low tides they will not have access to the gantry hoist in the last section and will need to plan their trips accordingly.

This action will remain in place until further notice.

2023-4 Bureau Of Meteorology Tide Times.

Please take the time to check the tides before launching. [Click here to download](#) your 2023 and 2024 Tide Times calendar.

Boathouse Working Bee.

Saturday 25th November - 8 a.m.

Pull up your sleeves and get yourself sandy! If you can help please email Boathouse Captain - John Spragg captain@apayc.org.au or Ian Sekac i.sekac@bigpond.com

This is a great chance for those that store their Boat or Kayak in the Boathouse to tick off one of their three required Boathouse tasks for the year.

All Volunteers will be treated to a delicious beach BBQ afterwards.

Marine Licence Course.

WW1 & WW2 Club Honour Roll Members

Research is underway by a Club Member, an Historian, with a view of producing brief biographies of the servicemen listed on the Club's WW1 and WW2 Honour Rolls.

By identifying and personifying these men we can gain a greater understanding, and appreciation, of their contribution.

We would be very happy to hear about all WW1 and WW2 Honour Roll members, in particular:

Coombs C.,
Edwards A.,
Evans H.,
Johnson A.,
Johnson B., and
Jones S..

Having identified members of the First and Second World Wars, we will address the more recent conflicts in due course.

Please send your email [by clicking here](#), and write *APYAC HONOUR ROLL* in the subject line.

Michael Briffa with his 86 cm Snapper.

Angling News.

Angling season is now in full swing, now that, at last, the fish have joined in! There have been some great Snapper catches lately after a hit and miss start to the season. There appears to be good numbers of Snapper at our end of the Bay with fish caught from Port Melbourne and Williamstown down to Ricketts Point. Baits favoured: Couta, Salmon, Silver Whiting and Pilchards.

The bait freezer has been re-stocked and if you do not have a boat in the boathouse you can access the boathouse freezer during office hours via a staff member. We have added California Squid at \$20 a box, there are also Pippies for anyone chasing Whiting. Please limit your take to two packets of whatever bait you need per day, and let us know when bait is getting low. Anyone who wants a large order of bait let us know and we will order for you.

The Max Coningsby Competition was fun, with almost 30 anglers chasing fish and the prizes. We had some nice fish measured and submitted; 35 fish were entered, the longest being 86 cm. A very pleasing aspect of the comp. was three junior anglers measuring, and submitting, fish.

I may of caused some confusion regarding the barbecue and prize-giving that I mentioned in Tight Lines. We submit Tight Lines articles well before it comes out, and before the competition it was decided that with over 90 people at the Cup Day function, and the requirement to only measure fish, it was decided to hold the presentation at the next general meeting.

We sent social media messages to all advising of the change. So we'll let the apprehension build regarding who won what until the next meeting.

We miss the camaraderie that occurred at weigh-in time, and the barbecue, so we are still considering a barbecue after competitions, and even an angler's barbecue one Sunday in the near future. It may need to be a rough weather Sunday. Suggestions welcome.

No need for a fishing report: the fish are on!

A reminder to all members *The Ron Amy Pot of Gold* competition will run from 12.01 a.m. on the 2nd of December till 12:30 p.m. on Sunday the 3rd of December.
