Wednesday 14th - Tuesday 27th August 2024

It's busy!

We kindly ask all Members for their patience during this busy time of year. The office is staffed by a maximum of two people, often with one being a volunteer, and we are currently navigating several changes.

Please book ahead for all activities, including drinks, footy games, and dining. Your bookings help us gauge demand and ensure we can stay open. Unfortunately, on Saturday, August 3rd, we had to close the Club because only four members had booked for the evening session. Later, we heard from many who wanted to come down that night. Booking in advance allows us to plan effectively, and staff appropriately, to accommodate everyone.

Important Reminder: New Software for Subscription Payments

Please note that we are now using a new software program for generating subscription invoices. As a result, it's essential to follow these instructions:

- **Do not use Old BPAY or Reference details**
- **Carefully read your invoice**
- **Follow the provided links to make your payment**
- **We now use a Payment Gateway, not a bank transfer**

If you prefer to pay over the phone, please call us between 10 a.m. and 4 p.m. Tuesday to Friday.

Oh, and don't forget, we have a one-spin, \$1,000 Member's Draw on Thursdays at 7 p.m.

See you at the club,

Elise Thomas,
Manager.

P.S. Although Tight Lines is circulated to all, please understand that if you are still on the waitlist you are not officially a member, thus cannot book for Club functions or Anglers Restaurant Bookings until your membership is approved. Thanks for your understanding.

Happy Hour Thursdays

4:30 - 6:30 p.m.

Selected Wines & Beers at \$4 a glass!

7 p.m. \$1,000 Member's Draw!

It only spins once on Thursdays. To win, you must be present, and financial. When your name comes up, you must claim their prize within one minute.

Friday night at the Club

The Member's Draw is back to \$900 for the 16th August.

The Member's Draw rolls at 7.30 p.m. sharp.

To win, the member must be present, and financial. When their name comes up, they must claim it within one minute. If not claimed, jackpot increases by \$100 each week until won. Last week's losers were *Pat Manning, Evelyn Blenkiron, Bo Bouchaud, and Charles Pukallus.*

Weekly Raffle

Tickets are sold in the hour prior to the Member's Draw and the raffle is drawn soon after.

Five Prizes up for grabs:

- The Meats Tray, from *Kirkpatrick's Meats.*
- Mumm Champagne.
- A \$70 bar voucher.
- A secret prize.
- Mystery Hamper.

Tickets: one for \$5, or six for \$20 (EFT only).

Be nice to our Volunteers on the door and selling raffle tickets.

If you wish to stay for a meal, please make sure you book a table by [clicking the link here.](#)

Reminder: When making a reservation for dinning it is expected you order within 30 mins of your booking time and all meals must be ordered before 8 p.m. Thank you.

This Saturday Night, 17th August.

INDEED CONVEY >>

What is Conveyancing?

Conveyancing is the branch of law associated with the preparation and processing of documents when buying or selling a property, including ownership transfers, government forms, payments, and due diligence. A conveyancer will be able to cover absolutely everything when it comes to buying or selling a property, including contract preparation, and even pre-contract advice before you sign on the dotted line.

While it's tempting to cut costs, hiring a conveyancer when buying or selling a property is not an area you should scrimp on. Choosing a legal practitioner that is experienced and qualified is of utmost importance. The settlement process is actually quite a long one, involving lots of legal and administrative tasks. Having someone look after your best interests and also be there to answer all your questions is what you need!

At Indeed Convey we have a large, experienced team of 11. For more information about us please go to www.indeedconvey.com

President's Report.

Most of us, as we began our regular weekly routine on Monday, likely reflected on what a perfect Melbourne 'winter' weekend we'd just experienced. When Melbourne turns it on, there's no better place to be, especially as a fisher.

Catching a fish is just an added bonus; it's the time spent on or near the water, with the sun shining down, recharging our Vitamin D, and enjoying a tranquil space for reflection and rejuvenation.

COVID taught us the importance of prioritising our mental health as we navigate personal and professional challenges. While fishing might not seem like the most obvious self-care choice; for me, it's proven to be profoundly emotionally rewarding.

Fishing offers a unique way to stay physically active, get outdoors, and connect with your body. It allows us to clear our minds and breathe deeply. Fishing is meditative -it gently encourages us to think, be patient, and relax. Breathing-in fresh air and observing the interplay between the sun, sky, and water helps us centre and recharge.

For me, fishing has become a vital part of my self-care routine to manage anxiety and stress. As I cast a line and wait patiently for a bite, I practice mindfulness. Fishing consistently provides a safe space for self-reflection and highlights the importance of making deliberate choices for our well-being.

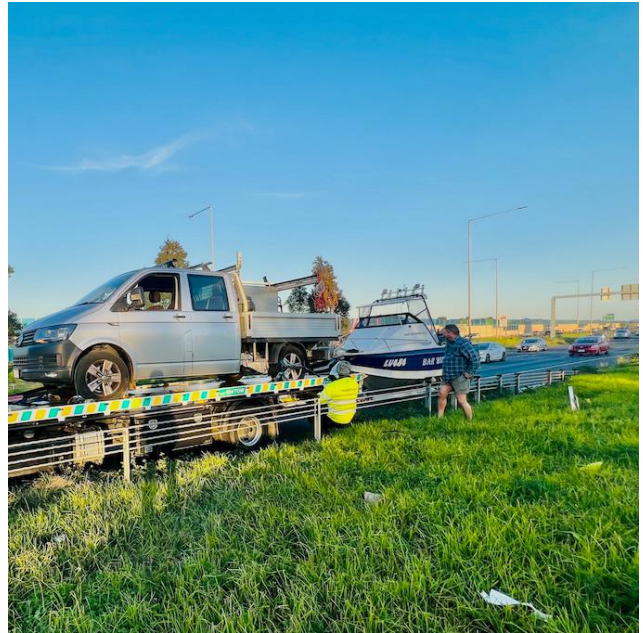

This was particularly evident last Sunday. Although I only caught a few squid, it was such a magical day on the water, that even when we blew a tire on the Princes Freeway, with the boat attached, cars and trucks mowing us down, and having to be towed-home like a road train, I couldn't stop laughing. It was a perfect example of the mental health benefits of fishing - otherwise, I'd have just been plain stressed.

So as our new fishing season approaches, take the chance to jump onboard a charter, get your boating & fishing licence, do the boathouse induction, hire a boat or kayak, and become part of our wellness community. It's not about the prizes, but about the chill!

Finally, with the AGM coming up in October, we are calling for nominations to the Committee. If you have any thoughts of wanting to make a significant contribution to the Club, please feel free to discuss the level of commitment required with me, or any other Committee member. As **Peter Neville** used to say: *'Being on the Committee is not for the faint-hearted, and requires a great level of commitment, but there is also a great level of enjoyment'*.

Lee Spyrou

President

Boathouse.

The recent crane training has highlighted how rules and practices have changed. We are considering having Induction Renewals every two years to keep owners, and those inducted for crane and boat use, up-to-date with the changes to regulations and equipment. This will mean your induction will only be current for two years. Better to be safe than sorry.

Last issue I let you know that I had been told that we don't do enough for boat owners who regularly fish. We are diligent in punishing boat owners who use the club as storage for their boats and not use them. Personally, I'd prefer 30 boats in the boat house used regularly by anglers, rather than 60 boats with only 20 of those regular users. This is probably a little controversial and needs input from boat owners --especially those who get out there on a regular basis. I look forward to comments **captain @ apyac.org.au** ... we are an angling club! (We have not received any comments yet!)

Boat house inductions are continuing, contact **Ian Sekac** at **i.sekac @ bigpond.com** if you have not already been booked-in and been contacted. We will be sure to let everyone know the date and time and put it in Tight Lines.

Club Boat hire is being used on a regular basis if you want to hire one of the club boats or kayaks contact **Tom Harris** at **tomharris.au @ bigpond.com**

We hope to hold future Boat Licence training & testing nights every three months depending on numbers. Let me know if you are interested **captain @ apyac.org.au** and watch Tight Lines. To get ready for this you can **study up the rules here**, and get further **information by clicking here**.

We have discovered you couldn't stay away! The boat house Wednesday working bees are back in full swing run by Ian Sekac. We thank **Chris S, Chris H, Bruce, Karen, Richard, John L, and Mick Sass** for their attendance and great work last Wednesday. If you want a morning of fun, and the satisfaction of helping the Club, come along Wednesday mornings at around 8.00 a.m.

The Boat House Committee Meeting scheduled for the **19th of AUGUST.**

Last week's speaker

At last week's General Meeting, our speaker was **Andy Foudoulis** from OzFish.

OzFish Unlimited is a not-for-profit organisation dedicated to helping the millions of Aussie recreational fishers take control of the health of their rivers, lakes and estuaries and shore up the future of the sport they love.

They partner with fishers and the broader community to invest time and money into the protection and restoration of our waterways, counteracting decades of degradation.

Andy has a very strong understanding and passion of fire ecology and conservation management. He has 13 years' experience in the Natural Resource Management industry, where he learnt fundamental skills in managing remnant and degraded grasslands, and grassy woodland ecosystems in the northern parts of Melbourne. He has also spent time collaborating with traditional custodians on best practise, and giving TAFE and University talks --helping pave the way for future generations of conservationists.

The big issues facing fish habitat:

- 90% of shellfish reef has lost.
- Most major rivers are de-snagged.
- Seagrass has been lost.
- Loss of salt Marsh.
- Thousands of barriers to Fish foraging.
- Unscreened irrigation pumps.
- Coastal vegetation.
- Giant kelp forest are now considered functionally extinct.

OzFish's project work includes:

- re-snagging
- riverbank planting and bank stabilisation
- fish ways
- bushfire, drought and flood recovery initiatives, including emergency fish relocations
- monitoring river health and educating future generations.
- waterway cleanups and sustainable fish education programs
- shellfish reef restoration and shell recycling
- seagrass restoration

- mangrove and saltmarsh restoration
- habitat mapping
- kelp restoration
- citizen science including mapping, water quality testing, water bug monitoring, and
- wetland restoration

Andy took us through three of their projects:

'*Reef ball rejuvenation*' a three year project funded by Victorian Fish licenses on the eastern side of Port Phillip.

'*Shellsavers project*' recovers used shell on the Mornington Peninsula.

'*Lake Eppalock snagging*' securing 70 logs to the lake floor to provide fish habitat.

Angling Report.

The new season starts with a barbecue at the club on **Sunday 25th of August**. Before lunch we plan to have a knot tying clinic, and a session on '*How to present baits to fish*'.

The 'reel' fishing starts at 12.01a.m. on **Saturday 7th September**. If you catch the first 43 cms (or greater) Snapper for the season your Club subscription is paid for next year.

Our first charter is planned **Saturday 14th September**. Come on the '*Roland Nicholls Memorial Charter*' and get on the scoreboard. This is a mixed charter and snapper over 43 cm will get championship points.

There's a catch: the Club's Committee will pay half of the charter but charter participants need to do Friday night raffle ticket, or door duty. This is not an onerous volunteer task, plus you get to meet a whole heap of new people! Raffle and door duty volunteers now get a meal and free drink. Email interest to **apyacanglers @ gmail.com**

Keep Sunday September 29th free. The Club has been invited to Victorian Fisheries hatchery at Arcadia, this side of Shepparton, about a two hour drive from the Clubhouse. Apart from a tour of the hatchery there is a large stocked lake in which you can try your luck. Good sized Murray Cod, silver perch, golden perch and trout all are waiting for you. Bring light spinning rods and reels, bail, lures and maybe even fly rods. Remember to bring your fishing licence.

There is a camping ground near the hatchery on the Goulburn River (also good fishing) and there are free showers and toilet facilities at the hatchery for those who may want to make a weekend of it.

We have also changed the scoring system so that even our Editor can understand --and maybe get *Slopalong Placidly* out for a fish-- a 43 cm snapper (our minimum size) now will be scored as 4.3 points, a 56 cm will be 5.6 points , a 87 cm fish 8.7 points and so on.

Photos of fish caught will still need to go to **apyacanglers @ gmail.com** but we will also show fish caught and (hopefully) location on the Whats App **APYAC measure-in and fishing comps**, the original Whats App Fishing Comp site.

We will also try to run a more charters but that will depend on support so keep an eye on Tight Lines.

The Fish are still out there, hard to catch from your lounge room, give it a go so you're ready for opening, but keep an eye on the weather.

Every girl loves when a boy softly whispers in her ear those three magic words: "Let's go fishing!" (unknown but probably still single)

John Spragg.

Last Saturday, traditionally the coldest week of the year, was a glorious 17 degrees.

Well what a week of football!

(What a ridiculous week to play a Joker!)

Tip-stars of the week:

Cattitude (Hepburn family), **Brookesy23** (**Grant Brookes**), **Kurt Nolan** and **Bob Talbot** are our tip-stars of the week. They picked an impressive seven for the round. Great tipping.

I was the only one brave enough to play a Joker this week, scoring a miserable six for the round and moving up to 27th position on the ladder ... *season over for me.*

At the top of the Leaderboard there was no change in the top six with the Hepburn family rocketing up to seventh position. There are four tips separating the entire top ten. It will be an interesting two rounds to go.

Moments of the Round:

The Swans stole victory from almost certain defeat. A little help from the umpires never goes astray with McRae saying that the dubious decision everyone saw would not have happened at the MCG!

- Brisbane lose at home and the up and down GWS side might be coming good at the right time of the season.
- Carlton, well they play West Coast next week and will most likely make the top eight but are limping along. Essendon, gone.
- The Hawks - they can do some damage in finals. Probably not good enough to go all the way but they are flying.

Trivia questions from last week:

1. I went to the Brazil v Spain women's soccer semi final on Tuesday night in Marseille (Brazil won easily). Naturally the crowd did the Mexican wave. At the MCG Mexican Waves travel anti-clockwise. In which direction do Mexican Waves travel in Europe? (a) clockwise (b) anti-clockwise *Answer: Clockwise*
2. Besides the magnificent and retiring Dustin Martin, name the other two players that have played 300 games and won a Brownlow, Norm Smith and a Premiership *Answer: Simon Black and Jimmy Bartel*
3. Sydney lost last week by over 100 points. That is the first 100 point loss for them since: (a) 2004 (b) 1999 (c) 1998 *Answer: 1998*

4. How many sides in 1st spot on the ladder have had bigger losses in history than last week's loss by the Swans against Port? (a) none (b) one *Answer: None*

How did my smokey tip of the week go:

My smokey tip was that Geelong could beat the Fremantle in Perth ... a very solid tip that one!

Good Tipping!

Mike Kotsanis

Annual General Meeting - Wednesday 2nd October 2024

This notice specifies that the Wednesday 2nd October meeting is our Annual General Meeting.

The ordinary business of the Annual General Meeting shall be to:

- **Elect officers of the Club and the ordinary members of the Committee;** and
- **Confirm the minutes of the previous annual general meeting;** and
- **Receive from the Committee reports upon the transactions of the Club during the last preceding financial year;** and
- **Receive and consider the statement submitted by the Club in accordance with section 102(B) of the Associations Incorporation Reform Act 2012,** and
- **Confirm or vary the amounts of the annual subscription and application fee.**

Nomination to Committee

There are three committee places available for nomination under our collegiate system. Committee members are appointed for a three year term.

The *Nomination Form* will be available for download from the club's website, find the Nomination tab [here](#).

1. Eligibility.

Only Full Members that have been financial for two years or more can nominate.

All financial Full Members are invited to nominate eligible members for the committee in accordance with the rules.

2. The Nomination process:

- Complete the Nomination Form, with a Proposer and Seconded who are full financial members for Financial Year 2024-5, (e.g. have paid their Annual Membership fees in full).
- Provide a photo and short biography / statement of intent.
- Email the Nomination Form, and supporting documents, to the Club Secretary (**secretary @ apyac.org.au**), no later than 5 p.m. 18th. September 2024.

3. The Election process:

- If there are three nominations or less, the candidates nominated will be deemed elected.
- If there are more than three nominations to fill the vacancies, copies of all nominations will be posted on the Club Notice Board, and a ballot will be held.
- Voting can only be done by attending the Annual General Meeting in accordance with the Club Rules. No proxy votes.
- Voting will take place prior to the Annual General Meeting on Wednesday 2nd October 2024.

4. Key Dates

11th September (-21 days) AGM notice, Agenda, Special Resolution (amending rules), Nomination Form.

18th September (-14 days) Nominations for election close at 5 p.m.

2nd October (0 days): Voting (6:00 - 7:30 p.m.). Annual General Meeting from 8 p.m.

- James Nixon, Secretary

History

The History Group has been able to review some of the Club's Meeting Minutes over the past 80 years or so. Far from being a dry account of monies spent, and motions forwarded and passed, the Minute Books offer a rich vein of insights into how the Club became what it is today. We will be sharing some of the important (and also lighthearted) moments in our shared history in Tight Lines in the coming months.

50 YEARS AGO

In March 1974, the APYAC Committee suggested that *'...a day be held annually for new members that Boat Owners each take a new member fishing...'*, a policy in place 50 years on, as new members are encouraged to be part of the angling community at the Club.

Membership has never been higher at the Club, and the new and recent members are welcomed to join club fishing activities. Keep your eyes on Tight Lines for specific dates and times!

If you have any old club pictures or documents we'd love to get a copy of them. Contact: **apyac.volunteers@gmail.com**

The new App is here!

We are delighted to announce the launch of our new proprietary smartphone App.

Features of the App include:

- Members Area
- My Bookings
- Boat and Kayak Hire
- Push Notifications
- Dinner Bookings
- Member Information

The App also includes a fully integrated Members Area. To log into the Members Area, use the same login details (membership number / password) as you currently do for the Member's Login on the club's website.

All functionality within the Member's Area including My Bookings, make a Booking, and Member Directory is provided in a mobile-friendly format for ease of use.

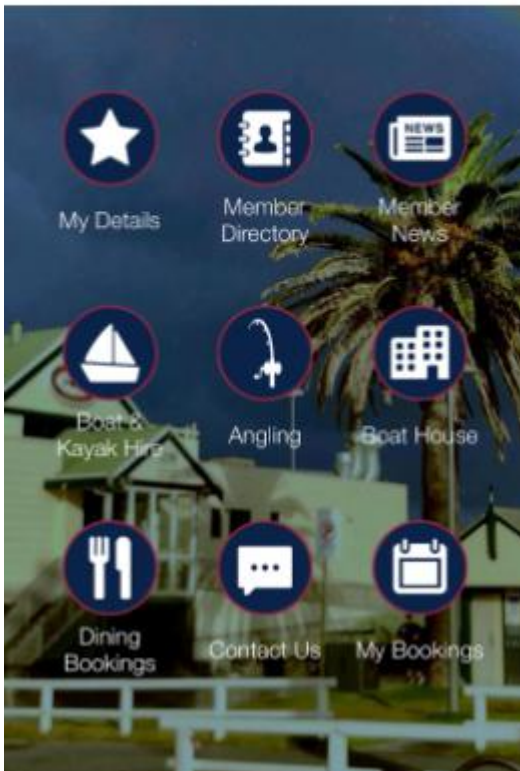

The App is now available for download from the iTunes (IOS) or Google Play (Android) app stores. To download simply search for Albert Park Yachting and Angling Club.

It forms an important part of the club's marketing and communications strategy and we would strongly encourage all members and visitors to download the App to their mobile devices. *Just a tip: it has two pages, so swipe right to see all the links.*

Over the next few months, we will be adding many more interactive features to the App platform, we'll let you know as they are released.

Here's a tip, go into the APYAC website, login and change your password (it's about time you did it anyway) ... THEN login to the App with the new password and it should work perfectly.

SIGN OF THE TIMES

50 years ago, Club activities were markedly different to nowadays. Card Nights, Billiards Nights, and Smoke Nights were popular activities at the Club.

A Minute highlight from August 1974 noted: **'Discussion on Smoke Night: it was decided that Club do its own catering for Smoke Night.'** These club and inter-club 'Smoke Nights' featured prominently 50 years ago but disappeared as a social Club Activity by the mid 80's. Nowadays, even a 'Vape Night' would be frowned upon!x`

Tight Lines - Why so often?

The larger edition of Tight Lines appears at the end of the month to advise you of the next Club Meeting, and always on a Wednesday so you can plan your weekend.

The smaller edition, (which we call *Slack Lines* behind the scenes), usually appears in the second week of the month to advise changes, events, band Sundays, and the latest Menu Specials.

The clue is in the dateline at the top and bottom.

We have removed all email addresses, not because we don't want to hear from you, but it stops the bots that roam the internet from finding them to send spam email. Just click the contact links instead. For email addresses, just put them back together without any gaps. Tight Lines is edited by **James Nixon**.
